We would like to thank all the contributors to this volume who agreed to celebrate with us Maya Burger's career. We are also grateful to Heidelberg Asian Studies Publishing for their patient assistance and advice during the publication process, and to Jon Wilcox for his copy-editing and valuable editorial comments. Special thanks go to Peter Schreiner for his most helpful advice and support.

For its financial support, we wish to thank the University of Lausanne, specifically the Faculty of Arts and the Centre Interdisciplinaire en Histoire et Sciences des religions (CIHSR).

Finally, we would like to express our gratitude to Maya Burger: our significant encounter with her impacted our intellectual lives in no small way.
