DIE ENTWICKLUNG DER IRAKISCHEN WIRTSCHAFT

Baath-Strategie in der Praxis

Hamburg 1981. 122 S. DM 27,-

Die regionale und internationale Bedeutung des Irak hat sich in den letzten Jahren dramatisch erhöht. Seine spezifische Entwicklungsstrategie, die auf dem Programm der Baath-Partei beruht, und seine günstige Ausstattung mit Faktoren wie Erdölreserven, vielfältige Rohstoffvorkommen, ausbaufähige Landwirtschaft, human capital usw. haben ihn zu einem attraktiven Wirtschaftspartner der Industrienationen gemacht. Zugleich ist der Informationsbedarf über dieses Land gewachsen. Die hier vorgelegte Arbeit enthält die wichtigsten Ergebnisse eines Forschungsprojekts und informiert über folgende Themenbereiche:

Die vor der Machtübernahme durch die Baath-Partei angewandte Wirtschaftspolitik und ihre Ergebnisse - Das ab 1968 entstandene politische System und die neuen Rahmenbedingungen für die Entwicklungsstrategie - Die Theorie des Baath-Sozialismus - Die Baath-Entwicklungsstrategie in der Praxis (Restrukturierung und Entwicklung aller Wirtschaftssektoren) - Tatsächliche Entwicklung relevanter Wirtschaftsbereiche (Erdölsektor, Industrie, Landwirtschaft, Handel, Wohnungsbau, Berufsbildung, monetäre Entwicklung)
