Mantra List in Hiraṇyakeśi Śrautasūtra

— Addition to *A Vedic Concordance* —

Makoto FUSHIMI

As mentioned in the article on the mantras in Baudhāyana Śrautasūtra,¹ a century ago, in the preface to his monumental work, *A Vedic Concordance*, BLOOMFIELD wrote a section titled “Future Work Complementary to the Concordance.”² There he emphasized the importance of further collection and transaction of the data from not yet published texts.³

In response to his thought, recently the *Concordance* was updated by FRANCESCHINI with the data from various texts.⁴

Here I add the data from the Hiraṇyakeśi Śrautasūtra published in Ānandāśrama Saṃskṛt Series,⁵ which is not yet included in the *Concordance*. These mantras are collected from the following praśnas, which constitute the śrautasūtra: 1: Paribhāṣā, Darśapūrṇamāsa, 2: Darśapūrṇamāsa, 3: Agnyādheya, Agnihotra, Āgrayaṇa, 4: Nirūḍhapaśubandha, 5: Cāturmāsya, 6: Yājamāna, 7–10: Jyotiṣṭoma, 11–12: Agnicayana, 13: Vājapeya, Rājasūya, Sautrāmaṇī, 14: Aśvamedha, Pruṣamedha, Sarvamedha, 15: Prāyaścitta, 16: Dvādaśāha, Gavām ayana, Ahīna, 17: Ekāha, Ahīna, 18: Satra, 21: Hautra, Pravara, 22: Kāmya-iṣṭi, Kāmya-paśu, 23: Sautrāmaṇī (Kaukilī), Sava, Kaṭhacayana, 24: Pravargya.

In this list the mantras in the 1–10 praśnas are numbered *praśna, paṭala, khaṇḍa: page*,⁶ and in the 11th praśna and after, *praśna, paṭala, sūtra: page*. As entities this collection includes ṛc, yajus, praiṣa, pāda of śloka as in *A Vedic Concordance*.

I hope, like that of Baudhāyana Śrautasūtra, this list will be integrated in a future update of the *Concordance*.

⁶In the praśna 9 Jyotiṣṭoma, pages 949–956 are wrongly numbered, nos. 949–950 are missing, nos. 957–958 repeated: ..., 948, 951, 952, 953, 954, 955, 956, 957, 958, 957, 958, 959, ... In the list, the pages are shown, not the wrong numbers.)
